GRAND JURY IS CHARGED TODAY

Investigating Body Hears Court's Instructions and Begins Inquiry Into Clevenger Case.

FIRST WITNESSES HEARD

Judge Megee Urges Investigation of All Alleged Law Violations in City and County.

Judge Megee instructed the grand jury this morning and the investigating body immediately took up the Clevenger case. In his instructions Judge Megee referred to the Clevenger case only in an indirect way. He told the grand jury that their first duty would be to investigate alleged crimes of persons held under bond or those held in jail. He stated that the law urged a speedy trial of those held in jail and asked the grand jury to investigate these matters first.

From these remarks it was taken that he referred to John Lee, colored, held to the grand jury without bond for the murder of Joseph Clevenger. Shortly after the grand jury retired a request was filed with the court asking for a special stenographer. The court granted the request and appointed Miss Iola Graham. Miss Graham took the necessary oath and the work of investigating the alleged murder of Joseph Clevenger was started.

Judge Megee appointed John Cohee foreman of the jury. Cohee took the place of James H. Allender of Posey township, who was excused by Judge Megee because of his advanced age. Mr. Allender is past seventy years old and asked to be excused. The grand jury is composed of the following men: John E. Harrison, Anderson township; Roscoe Tipton, Noble township; Alden Johnson, Rushville township; Frank G. Reeves, Union township; John Cohee, Rushville township and William A. Hardy, of Orange township.

Mrs. Clevenger, widow of Joseph Clevenger, and children and Luther Butts, who made his home with the Clevengers, were all present in the court room when Judge Megee instructed the grand jury. They were the first witnesses. It was expected that the grand jury would require most of the day to hear all the evidence. There was much speculation as to what the grand jury would do with the case. Judge Megee in his instructions urged the grand jury "not to return any indictments unless the grand jury believed a conviction was possible. Some held that the grand jury would exonerate Lee while others believed that a manslaughter charge would result.

Judge Megee urged the grand jury to investigate all alleged law violations in this city and county. The grand jury was told that it required a vote of five of their number to return a true bill.

Coroner Barnett has not returned a verdict in the Clevenger case yet because the stenographer has not had time to complete a copy of the evidence.

HOLD LOVE FEAST

Crawfordsville, Ind., Dec. 10.—The Republicans of Montgomery county and this city held a love feast and get together meeting at Masonic Hall Tuesday night. Congressman-elect Merrill Moores, of the Seventh district, Fred Purnell, who made the race of Congress in this district, at the recent election and lost by a small plurality, L. W. Henley, secretary of the Republican State Committee and "Deacon" Roach, district chairman, were present.

KAISER HAS A BAD SPELL

Relieved After Being Administered By Physician and Empress

(By United Press) London, Dec. 10.—Kaiser Wilhelm was attacked by a severe coughing spell early today and was relieved only after the court physician and the Empress, who was summoned to his bedside, had administered to him for nearly an hour, according to reports by way of Amsterdam.

It is now accepted in London that the condition of the kaiser is serious. It is evident that the strictest censorship is being exercised by the German government. His ailments are variously described as influenza, bronchitis, pneumonia and nervous prostration.

BRITISH VICTORY IS MADE COMPLETE

Wireless Reports Today Say Two Other German Cruisers Were Overtaken and Sunk.

MAKES 5 IN ALL SENT DOWN

(By United Press) Buenos Aires, Dec. 10.—The British Pacific fleet is reported to have completed its victory over the German fleet by overtaking and sinking the cruisers Nurnberg and Dresden. The report was received today in a wireless from Fort Stanley. All attempts to get further details of the engagement Tuesday morning have failed. According to obtainable information, six British cruisers were engaged with the Germans. The battle developed into a running fight which extended from Argentine waters to the high seas. The German admiral Von Spee went down with his flagship, the Scharnorst. The British losses, according to the wireless reports, amounted to less than one hundred killed and wounded and the British vessels were only slightly damaged.

The first official announcement from London last night, published this morning, reported the sinking of three German cruisers, Scharnorst, Gneisenau and Liepsig. The Nurnberg and Dresden escaped from the first encounter.

WESLEY DEARINGER, AGE 75 YEARS, DIES

Lifelong Resident of Walker Township, Sick Three Years, Expires From Apoplexy.

HE LEAVES THREE CHILDREN

Wesley Dearinger, 75 years old, died last night at ten o'clock at his home, six miles west of Rushville, after an illness from apoplexy. Mr. Dearinger had been ill for over three years but had been in a serious condition only since Monday. He suffered a stroke while at work and gradually grew worse until death was expected. He was well known, having lived most of his life in Walker township.

He is survived by three children, Mrs. John Hill, Mrs. Alva Hodge and Bert Dearinger. The funeral services will be conducted Friday afternoon at one-thirty o'clock at the Pleasant Ridge church by the Rev. Mr. McMillin of Blue Ridge. Burial will take place in the church cemetery.

GOOD FELLOWS HERE'S A CHANCE

Snow is on the Ground and Little Folks Are Thinking of Kris Kingle's Coming.

WILL THEY BE DISAPPOINTED

Soot in Many a Chimney Will be Undisturbed Christmas Eve if League Doesn't Fill up.

Snow covers the ground; the air has the winter chill that makes you tingle all over; the wind bites your ears and makes your nose rosy; it's the time of year that Kris Kingle slides down the chimney—that is, some chimneys.

Now there are going to be a lot of vacant chimneys where the coal soot will not be disturbed Christmas eve. That is to say, of course, Santa will not be sliding down a lot of them if there are not enough Good Fellows to go around.

And there will not be unless they begin showing up a little faster than they have thus far. One Rushville woman sent word yesterday that she wanted to play Santa Claus to a couple of needy little Rushville girls. You must understand that sex is no bar in the Good Fellows League. Nothing bars. Just say how many that's all.

You are cordially invited to become a member of the Good Fellows League.

The only qualifications that you may be honored with a membership are a measure of humanity, a generous spirit and a nature not completely bereft of sympathy.

We agree with you when you assure yourself that you have all of these and should become a member of good standing.

The duties are few and pleasant. Each member is required to exert himself in an activity that pays a most gratifying reward.

The reward is that agreeable warmth of heart that attends the knowledge of having made an unfortunate happy.

If you feel that you would find no pleasure in this; if you are averse to an emotion that might make your spirit glow, please attend our words no further. We are only concerned with those who are essentially—human.

Every year at this time when the Yuletide approaches there is much talk of the joy and delight and happiness it occasions. We think fondly of the rapture of the children. There is something peculiarly appealing in the ecstatic happiness of a child.

Too seldom do we reflect that the Blessed Season has its tragedies too. May it not be that the disappointments and heartaches of children whose fathers are poor equal if they do not surpass the deigns of the happy ones?

Probably one reason why we are not moved enough at the thought of the distress of poor children at this season is that we generalize too much. There is nothing so very tear-compelling in a generalization. We consider it a moment, it annoys and we dismiss it.

But if you should see on you way home this evening, Mr. Good Fellow, a mother quite poor and her child before a window of toys you should give the mother a more sober consideration. You would see the mother entice the child away, wishing to spare it the pain of defeated hope. You would know that the mother was feeling a very poignant sorrow.

And we are willing to bet that you would recall twenty-five or fifty

MAHLON MICHAEL DIED LAST NIGHT

Janitor of Cathage School For Ten Years and Former Teacher Expired of Tuberculosis.

WAS MAN WHO WAS ADMIRE

Known to Number of Teachers Here—Veteran of Civil War at Age of 21.

Mahlon D. Michael, age sixty-nine years, who has been janitor of the school building in Carthage for the last ten years, died last night at his home of tuberculosis, contracted about the time of the flood in March, 1913. For twenty years of his life, he was a school teacher.

Mr. Michael has been declining in health ever since the disease attacked him. About a month ago his son, Joe Michael, Big Four agent of Milroy, gave up his position temporarily and went to the home of his father to care for him in his last days.

Mr. Michael was born in July, 1845. He joined the union army at the age of eighteen years and served the last three years of the war. He enlisted just as soon as he possibly could. At the age of four years Mr. Michael was an orphan and was forced to live through his own resourcefulness from early in life.

When he came out of the civil war, Mr. Michael had no education; but he was persistent and started in at the beginning to gain what knowledge he could. He was then twenty-one years of age. He studied hard and procured a teacher's license. He moved from Indianapolis to a community south of Southport where he obtained a school. He taught school for another ten years. From Charlottesville he came to Carthage and was engaged as the janitor there for ten years.

Mr. Michael was beloved by all who knew him. He was a man who made the most of his opportunities in life. Many teachers now in the Rushville schools taught at Carthage before coming here and were well acquainted with Mr. Michael. J. H. Scholl, superintendent of the Rushville schools, was an intimate friend of Mr. Michael's. He was superintendent of the Carthage school while Mr. Michael was janitor.

Mr. Michael was a member of the Carthage Christian church. He is survived by a widow, one son and two daughters, Mrs. Rakestraw of Piqua, Ohio, and Mrs. Grace Hill of Chicago.

The funeral services will be held in the Carthage Christian church at ten o'clock Saturday morning, conducted by the pastor of the church.

ILLUSTRATED LECTURE

Bunyan's great allegory, "The Pilgrim's Progress" will be presented in an illustrated address at the United Presbyterian church next Sabbath evening at 7:30. Next to the Bible this great book has been translated into more languages and read by more people than any other book. There are 76 slides illustrating the progress of the pilgrim. Everybody is invited.

FRENCH REPORT GAINS.

(By United Press) Paris, Dec. 10.—Gains of from 200 to 600 yards along the French center are reported today in the official statement issued from the war office. Along the Aisne and in the Champagne region artillery duels continue with the advantage resting with the French while in the Aronne continued progress is reported.

AVIATORS AT WORK AGAIN

Drop Bombs on Freiburg, Germany Second Time Recently

(By United Press)

Vienna, (Via Berlin and London,) Dec. 10.—The official statement from the war office today said:

"In western Galicia our attacks continue. Calm prevails in southern Poland. The enemy's renewed attacks in the vicinity of Cietkow have failed.

"Berlin reports that hostile aviators dropped bombs upon Freiburg, province of Baden, yesterday. They inflicted no damage and were driven off. This is the second time aviators have attacked Freiburg by dropping bombs."

ORGANIZATION PLAN IS TO BE DISCUSSED

Meeting of School Officials Representing Counties of District Will be Held Here

WHAT THEY EXPECT TO DO

In a letter received today, County Superintendent C. M. George was notified by H. B. Roberts, member from this congressional district of the executive committee of the Indiana State Teachers association, that, under the terms of a resolution passed by the state association, a meeting composed of representatives of the counties in the district would be held here at the county superintendent's office in the courthouse Saturday morning, December 19, at ten o'clock. Mr. George is delegated to represent Rush county in the meeting.

The meeting is called for the purpose of determining the method of organization and a time and place for a general district conference to be held to discuss subjects suitable for special investigation by smaller groups of teachers under the direction of the county superintendent, by township teachers' institutes and teachers' meetings conducted by town or city superintendents.

WIDOW OF ALFRED HODGE SUCCUMBS

She Expired at Age of 79 Years at Her Home in Homer After Extended Illness.

SURVIVED BY 4 DAUGHTERS

Mrs. Margaret Hodge, 79 years old, died this morning at 3:45 o'clock at her home in Homer after a long illness. Mrs. Hodge had been ill for several months suffering from a complication of diseases and her death was not unexpected. Mrs. Hodge is the widow of the late Alfred Hodge and had lived most of her life in Homer and Walker township.

Mrs. Hodge is survived by four daughters, Mrs. Ned Tompkins, of Milroy, Mrs. Ed Harcourt, also of Milroy, Mrs. Marshall Ellison and Miss Sarah, and one son, Ivy. The funeral services will be conducted Saturday morning, at ten o'clock in the Christian Union in Homer and burial will take place in the Pleasant Ridge cemetery.

VALIDITY OF LAW IS UPHELD TODAY

Indiana Supreme Court Affirms Deliberate Circuit Court in Local Option Case.

"WETS" BRING THE ACTION

Higher Court Holds Voting Machine Statute Constitutional—Decision is Important.

(By United Press)

Indianapolis, Ind., Dec. 10.—Indiana's voting machine law was upheld as to its constitutionality in a decision handed down today by the Indiana supreme court. The decision came in the case of Henry R. Stickerman vs. Joseph A. Goddard, appealed from the Delaware circuit court, in which the "wets" attacked the recent Muncie local option election result. Muncie voted "dry" by a majority of 462 March 9 of this year. The decision of the Delaware circuit court sustaining the election was upheld today.

This decision as it pertains to voting machines is important for groups of citizens in various cities have opposed the voting machines on the ground that they can be fixed.

The decision is based on the ground that the farmers of the constitution could not have foreseen the invention of the voting machine when they used the word ballot and their intention was to insure secrecy in voting for offices ad measures. Secrecy is insured through the voting machine. "There is nothing sacred about a stripe of paper with names or questions printed on them," the court stated.

The court held that ignorance or carelessness concerning the machine could not be blamed to the the machine.

ON HIS WAY

Indianapolis, Ind., Dec. 10.—A dispatch from New York says that Albert J. Beveridge, who was the Progressive nominee for senator from Indiana at the recent election, will sail shortly for Europe where he expects to gather material for a book to be called "The World's War."

SALVATION KETTLE OUT

The Salvation Army's kettle moved on to the streets today a usual sight near the holidays. All contributions will be thankfully received by the army here and used in furnishing Christmas dinners in a number of needy homes and for winter relief work.

The Rebeccas will hold degree work tonight. All members are urged to be present.

Making the Store Pay

Every foot of available floor space that does not have a customer in it is dead expense.

There are many ways a retailer can assist in keeping his store busy.

He can give good service, sell at fair prices, and he can advertise these facts in his home newspapers.

He should also take full advantage of the manufacturer's advertising.

When the national manufacturer advertises his product in the newspapers, the retailer should take advantage of this advertising by showing the goods and drawing the people.

EARLY SHOPPING PAYS

TRULY, TRULY

"It's a long way to Tipperary." But fortunately it's only a short way to the very best place to do your Christmas shopping.

We give you this early information, with the confident assurance, that if rightly used, it will prove to be of real value to you.

Our reputation for having the right thing at the right time, and at the right price, is most ably defended just now.

We invite your inspection of our decorations and display of sensible and useful Christmas presents.

Look at home—Buy at home, where the very best service is assured, and your money will be of service to your community.

A KIDNEY REMEDY ADVERTISEMENT BROUGHT GREAT HAPPINESS

I take pleasure in stating that I have used Dr. Kilmer's Swamp-Root. It was greatly benefited by the same and have used it in my family. I had a son, when quite young he suffered from bladder or kidney affliction. I called in my physician, he attended him but did him no good. Almost by accident I noticed an advertisement about the curative properties of Dr. Kilmer's Swamp-Root. I procured a bottle and gave it to him according to directions, it cured him of what we thought was almost impossible and the same with others of my family. I have such strong faith in Swamp-Root that I have never done without it in my family since the wonderful cure of my son as well as myself. I recommend it to all who suffer from kidney or bladder troubles and I am led to believe that it is one of the best medicines for the purpose for which it is used, that has ever been discovered.

This is my experience from the use of Swamp-Root. Wishing the promoters of this wonderful medicine a large sale to the suffering public, I am,

Yours respectfully,

W. H. McAFEE,
63 Broyles St., Atlanta, Ga.
Witness,
E. O. Williams, Notary Public.

Letter to
Dr. Kilmer & Co.,
Binghamton, N. Y.

Prove what Swamp-Root Will do for You
Send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample size bottle. It will convince anyone. You will also receive booklet of valuable information, telling about the kidneys and bladder. When writing, be sure and mention the Rushville Daily Republican. Regular fifty-cent and one-dollar size bottles for sale at all drug stores.

(Advertisement.)

time and expense, which were not covered by the recommendations. All the work of the office is now up to date.

On September 30, 1914, there were 644 persons employed in the office or in temporary field service, and 754 special agents in the field to collect statistics of cotton.

An important inquiry conducted during the fiscal year was that relating to wealth, debt, and taxation. This canvass covers public and private wealth and national, state, county, and municipal indebtedness and taxation. Part of the results have already been published, and it is expected that the final bulletin will be issued early in 1915—about a year and a half from the commencement of the office work and about a year from the beginning of the field work.

Another investigation of great interest to many persons is the electrical-industries census, which covers central electric light and power stations, street and electric railways, telegraphs, telephones and fire-alarm and police-patrol signaling systems.

The annual reports on mortality statistics for the calendar years 1910, 1911, and 1912 were published during the year, the last mentioned being issued January 5, 1914. This branch of the bureau's work, which was two years behind when Mr. Harris assumed the dictatorship, has not been brought up to date.

An important piece of work now in progress is the preparation of a series of life of mortality tables showing "expectation of life" for various elements of the population, such as male and female, white, negro, urban, rural, etc. This is the first time that life tables of such an extensive nature have been published by any Federal or state bureau.

The biennial report on general statistics of cities for 1909 and the annual reports on financial statistics of cities for 1911 and 1912 were issued during the fiscal year, and the 1913 report was completed and copy transmitted to the printer before June 30, 1914.

The Bureau is now publishing more frequent reports relating to cotton. In all, there are issued each year 25 periodical reports, in card form, and two annual bulletins.

The Bureau's semiannual statistics relating to stocks of leaf tobacco held by manufacturers and dealers furnish another example of promptness. Although these figures are collected by correspondence, the last report which related to October 1, 1914, was issued only 39 days after that date.

In addition to the lines of work mentioned, the bureau completed the compilation and publication of the results of the Thirteenth Census, prepared for publication the Statistical Atlas; tabulated and published data relating to the dependent, defective, and delinquent classes to Indians and to the Chinese and Japanese; published the Official Register of the United States (Blue Book); issued two special bulletins, one relating to the average ages and the other to the stability of the agricultural population; and collected and published data relating to forest products.

The total appropriations for the bureau during the fiscal year amounted in round figures, to \$1,175,000, of which sum \$1,133,000 was spent. A number of economies were put into effect with satisfactory results.

The aggregate number of publications (reports, bulletins, pamphlets, etc.) issued during the year was 134 comprising a total of over 15,000 pages.

Preliminary work on the forthcoming census of manufactures, which will relate to the calendar year 1914, has been under way since early in the year.

A census of agriculture will be taken in 1915, provided the necessary funds are appropriated by Congress. This inquiry which will be the first of its kind made in other than a decennial census year, was authorized by Congress in 1909, and will be much more limited in scope than the regular decennial censuses of agriculture.

—Mr. and Mrs. Benjamin Humphrey and daughter Ruth of Toronto, Canada, are visiting Mr. and Mrs. George Osborne, in this city, enroute for a visit with relatives in California.

—Mrs. J. Kammerling returned this morning to her home in Chicago, after a visit with relatives in this city and county. Mrs. James Custer of near Raleigh accompanied her home for a visit.

—Mr. and Mrs. V. W. Green returned this morning to their home in Benton Harbor, Mich., after a visit with his father, Joseph Green in Milroy, who accompanied them home this morning for a visit.

—Mrs. D. J. Jones departed this morning for her home in Chicago, after a visit with her sister, Mrs. Sarah Guffin and other relatives in this city. Mrs. Jones will make a short stop in Greensburg.

—Mrs. John Kennard and Master Gerald Tombs were visitors today in Indianapolis.

—Mrs. Fred Clevenger went to Indianapolis this morning for a visit with relatives.

—Frank Reynolds will return tonight from a business trip to Edinburgh and Seymour.

—Mrs. J. W. Worden returned this afternoon to her home in Shelbyville, after a visit with relatives in this city.

* * *

—Mrs. Luella Crumpacker and Albert Capp were quietly married by the Rev. V. W. Tevis at his home in North Harrison street last evening at six o'clock. Mr. and Mrs. Walter Capp and Miss Clorine Amos, a sister of the bride, were the only persons who witnessed the ceremony. Mrs. Crumpacker was married in a suit of blue, with a hat to match. Mr. and Mrs. Capp left immediately after the ceremony for Cincinnati and will return home Saturday. They will be at home in the residence formerly occupied by Mr. and Mrs. Frank Capp south of the city about the middle of January.

Nowadays, though, we don't have the troublesome task of gathering the sage and the mussy mixing at home. All drug stores sell the ready-to-use product called "Wyeth's Sage and Sulphur Compound" for about 50 cents a bottle. It is very popular because nobody can discover it has been applied. Simply moisten your comb or a soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears; but what delights the ladies with Wyeth's Sage and Sulphur is that, besides beautifully darkening the hair after a few applications, it also produces that soft lustre and appearance of abundance which is so attractive; besides, prevents dandruff, itching scalp and falling hair.

Grandma kept her locks dark, glossy and thick with a simple mixture of Sage Tea and Sulphur.

The old-time mixture of Sage Tea and Sulphur for darkening gray, streaked and faded hair is grandmother's treatment, and folks are again using it to keep their hair a good, even color, which is quite sensible, as we are living in an age when a youthful appearance is of the greatest advantage.

TAKE A TOWN NEAR CAPITAL OF POLAND

Germans Push 25 Miles Beyond Russian Frontier—Allies Advance on Western Front.

EVACUATIONS ARE FORCED

(By United Press)

London, Dec. 10.—The German forces operating against Warsaw in the north have stormed and taken Przaxnysz fifty miles north of the Polish capital and 25 miles beyond the east Russian frontier.

On the western front the French and British continue to advance their lines against the Germans by snapping the mining. The French artillery proved superior to that of the enemy and forced evacuations at numerous places, while all along the line the allies have strengthened their new positions preparing for any counter attacks.

This represents the developments today as indicated in the officials statement from the various offices.

Amusements

—Mr. and Mrs. Lafayette Gilmore and daughter, Jannitta, of Muncie, who are on a motoring trip to California, stopped here today and visited Mr. and Mrs. Robert Dyer.

—Mr. and Mrs. Benjamin Humphrey and daughter Ruth of Toronto, Canada, are visiting Mr. and Mrs. George Osborne, in this city, enroute for a visit with relatives in California.

—Mrs. J. Kammerling returned this morning to her home in Chicago, after a visit with relatives in this city and county. Mrs. James Custer and Gladys Hulett are featured. The story deals with the race track and is said to tell a beautiful story.

The Princess will show a two reel feature "The Poisoned Bit" for the first picture tonight. Edwin Clark and Gladys Hulett are featured. The story deals with the race track and is said to tell a beautiful story. The other is a comedy entitled "Eats." Billy Quirk is featured. Tomorrow night the great three reel feature "Men and Women" featuring Blanche Sweet will be shown. This is a Klaw and Erlanger production.

The Mystic will show a four reel Klein drama "The Golden Beetle" for the program tonight. It is said to be a stupendous production and tells an unusual story of adventure on a desert isle. The picture is said to be a masterpiece. The first show starts at 6:30 o'clock. Tomorrow night the second of the series "The Beloved Adventurer" with Arthur Johnson will be shown. In this one the action really starts as the first picture was more of an introduction of characters.

The Gem will show a two part Rex drama "The Pipes of Pan" for the first picture tonight. Pauline Bush and Joe King are featured. It is said to be a thrilling picture telling a vivid story and one that is true to life. The other is a powerful western drama "The White Wolf." It is said to tell a dramatic Indian drama. Tomorrow night the two reel Imp drama "Shadows" will be shown. In this picture King Baggot is shown in ten different parts and the picture is said to be as mystifying as Dr. Jekyll and Mr. Hyde.

Scott Conde has bought back the barber shop which he recently sold to Lowell Gartin.

MAY BUILD BIG NITROGEN PLANT

New Industry Planned for California

Which Calls For Investment of \$500,000

LOOKING FOR A LOCATION

To Manufacture Compounds by Electrical Process so Successful in Norway—Want Dam Site

(By United Press)

San Francisco Dec. 10.—If the search for a suitable site for a hydro-electric plant site now underway is successful, an entirely new industry that will call for the investment of \$500,000 will be established in California. The industry is the manufacture of nitrogen compounds, such as ammonia and nitrates, by thing new in the United States, but is a demonstrated success in Norway.

Walter V. Clark, a mining and hydraulic engineer from New York, is making the preliminary search for a site.

"I've already examined two sites in the north," he said, and there are other proposed sites that will be looked into before the final decision as to location is made. I am making the investigation in behalf of some New York men who are familiar with what has been done in Norway.

"The production of nitrogen compounds, commercially, from the inert nitrogen of the air, is something of recent years. In Norway at the present time, about 2,000,000 horsepower of energy is used for this purpose. What I'm looking for is a dam site with sufficient watershed and with enough of drop to generate constantly from 40,000 to 60,000 horsepower.

"There are several processes employed in Norway all depending on the same principle. They are producing nitric acid and the valuable nitrate profitably and there should be an opening for an industry of the same sort on the coast."

Local News

McCorkle and Bachelor have sold their meat market in Milroy to Nick Grossen.

A marriage license was issued this morning to Lesner H. Allender and Hazel E. Downey.

Chase Riddle has moved from the Jefferson Churchill farm to the Lee Willis farm, both in the Bob Creek neighborhood.

R. S. Davis and Ed Lyons have rented the north room at the Lon Havens store in North Main street

and will open a first class meat market the first of the year.

Mege Brothers, farmers and stock raisers living east of the city today shipped sixty head of beef cattle to Chicago.

Mrs. Sparks, wife of the captain of the Salvation Army corps here, was taken to Indianapolis Wednesday and placed in the Long hospital. It has not been determined whether she shall be compelled to undergo an operation.

A revival meeting is going on every evening this week in the Heavenly Recruit church in the second floor of the Poundstone building in North Morgan street. The meetings begin

at seven-thirty and the revivalist is the Rev. J. L. Bridget.

Word from Newcastle today was that W. H. Elliott, editor of the Newcastle Courier, well known Republican, who underwent an operation in Chicago recently for removal of a tumor, was afflicted with pneumonia and might not live.

Enough to Worry Them

The leaders of Indiana Democracy are worried, no one is denying that.

They have cause to worry over the indictments against Lieutenant Governor O'Neill, Homer L. Cook, secretary of state, who was the speaker of the last session of the Indiana General assembly, and eleven other Democrats who are prominent cogs in the Democratic machine. The machine men are holding the charges up to ridicule. They do not fear serious results, but they are worried about the possible political effect that the recent revelations will have on public sentiment in Indiana.

The fact that the last legislature cost \$30,000 more than any preceding legislature or in other words that \$30,000 was stolen from the state treasury does not seem to be bothering the gentlemen in question.

They seem to feel confident that they will be able to escape punishment in some manner and they are trying to make themselves believe that they will allay public sentiment with the declaration that the last legislature did nothing that had not been done by every legislature during the past 30 years. The 1913 Indiana General Assembly, dominated by the Crawford Fairbanks-Tom Taggart organization, did two things that no legislature in the history of the state ever did—extracted \$30,000 from the public treasury in violation of the law of the state and placed on the statute books laws that were never passed by the general assembly.

During the past 24 hours considerable talk has been heard in this city to the effect that a grand jury investigation should be made at once to learn if possible why the Marion county grand jury that returned the indictments against O'Neill, Cook and their associates did not make its report before the recent election. More than a week before the election the grand jury was ordered to make its report on a certain day, well in advance of election day. Why was not the court's order obeyed? An investigation of this phase of the situation, it is said, would probably uncover some highly interesting information.

The way in which the average politician identified with the Crawford Fairbanks-Tom Taggart outfit looks on recent developments in this country is reflected by the remarks made today by a Democratic state office holder. "Aint it awful?" he whined to a friend. "We'll get the boys out of this trouble alright but just think how much 'dope' this gives the Republicans for the next campaign! Aint it awful?"

These indictments have created all kinds of trouble in the Democratic camp. Not all is well even in the ranks of the machinists. Many of them are busy looking around for a "goat." Some are inclined to blame Ralston for their present predicament. They hold to the notion that the govern't should have paid no attention to the Republican charges during the recent campaign; that he should not have permitted the Republicans to bait him into ordering a grand jury investigation. Still others want to make Homer Cook the "goat." "We will never renominate that man" remarked one of the leading Democratic machinists today. "I

pleaded with Taggart to have nothing to do with him in the first place as did any number of our fellows."

While the machinists are quarreling among themselves the anti-Taggart faction of Indiana Democracy is beginning to perk up a bit. Indictments are multiplying that the recent indictments eventually will result in bitter contests early in 1916 between the Taggart and anti-Taggart forces in every Indiana district.

Recent developments have strengthened the anti-Taggart feeling in the Democratic party and it is plain at this time that the factional contest over the reorganization of the Democratic party will be one of the most bitter struggles in the political history of the state.

County News

New Salem

The Ladies Aid society of the M. E. church will be entertained by Mrs. Clara Matney and Mrs. Iva Matney at the home of the latter Thursday afternoon.

A fine boy was born to the wife Ozro Bever last Thursday.

Miss Anna Williams, Mrs. Amanda McKee and Mrs. Louella Stewart spent last Friday the guest of Mrs. Jennie Reed at Orange.

Mr. and Mrs. A. J. Perkins and Mr. and Mrs. Charles Wamsley attended the play "Mutt and Jeff" at Connersville last Tuesday night.

Mr. and Mrs. Frank Wilson entertained at dinner Sunday Mr. and Mrs. Charley Wilson and daughter, Mildred and son Virgil and Mr. and Mrs. Donald Wilson and son Doloris.

Mr. and Mrs. Frank George entertained Misses Irma Ester, Nelle Trobaugh and Anna Holton Saturday evening and Sunday.

LAST OF WRECK CASES DISMISSED

Indictments Against Willis York and Carl Gross, in C. H. & D.

Accident, Nol-prossed

NO EVIDENCE FOR CONVICTION

The indictments charging involuntary manslaughter in the Marion county circuit court against Willis York and Carl Gross in connection with the C. H. & D. wreck in Irvington in 1912 in which seventeen persons were fatally injured, were dismissed yesterday on motion of Prosecutor Baker. These two indictments were dismissed along with 106 others. The action of the court in sustaining the motion to dismiss in these cases removes the last of the many indictments against the directors, officers and employees of the railway returned in connection with the wreck.

York, who is the son of Mrs. Elizabeth York of this city, was the engineer of the freight train which was put on the siding just off the main track of the C. H. & D., and into which the passenger train crashed. Gross was the brakeman and it was alleged that through their negligence the wreck occurred. The prosecutor held that there was not enough evidence for a conviction.

A fine casserole or baking dish makes an appreciated and useful gift—prices from \$2.00 to \$5.00. See them at Haydon's. 233ff

The Physician Indorses Beer Because it is a Healthful Pleasant Tonic

Many eminent physicians and scientists recommend beer as a tonic beverage because it contains, in addition to 3 or 4 per cent. alcohol, about 7 per cent. of grain extract. This extract consists of substances, which, on account of their ready digestibility, possess a high nutritive value.

Beer also contains a large amount of refreshing carbonic acid in the most desirable form. Because mild alcoholic beverages, such as beer, will absorb and retain carbonic acid much more readily than other fluids, the carbonic acid gas supplied to the body in beer has a greater food value than the gas supplied in non-alcoholic drinks.

Leading physicians have heartily recommended beer as a medium of bodily nourishment and alimentary gratification.

TEAM PLAYS AT NORTH VERNON

Expect to Make Good Showing
Against This Fast Team—
—Beat Franklin Last Friday

FIRST BIG TRIP OF SEASON

The high school basket ball team will make the first big trip of the season Friday night when it journeys to North Vernon for a game with the fast high school team of that city. The local team has high hopes of winning from North Vernon but realizes that the game will be very hard as North Vernon has one of the best teams in the southern part of the state.

Last Friday night North Vernon beat the fast Franklin team and the outcome of the game Friday night will give the fans a good line on the relative strength of Rushville and Franklin as the Franklin game is the next on the local's schedule. Playing on a strange floor the Rushville boys will be at a big disadvantage but whether they win or lose North Vernon will know there has been a game.

MILROY SPORTS IN GREENSBURG

Taken to Hotel by Police Instead of
Jail After They Had Taken Too

Much "Red Eye."

DORE THERE IN MACHINE

Two residents of Milroy were "appraised" and later sent to bed last evening by Chief Johnson, after he found them too drunk to further navigate, says the Greensburg News. They were moneyed fellows, owned a motor car that had been parked at the McCracken garage, and were, according to their own story, out to see the sights.

The first round with the Chief resulted in their being instructed to clear the streets. Second round, ten minutes later, a push off the public thoroughfares and the third and windup was a trip toward the Hotel DeMoss. One of them, gifted with a "line of talk," satisfactorily explained matters to the extent the party, instead of being forced to the jail, were taken around to the Hotel English when they were cared for during the night. This morning they were in fit condition to drive the machine and left for their homes.

GOOD FELLOWS HERE'S A CHANCE

Continued from Page 1.

cents that you had spent idly, more than once through the day. You would realize pretty keenly what a very great deal that fifty cents would mean to the mother with her child.

The Republican would like to show you the glorious possibilities of fifty cents at this season.

If you will drop us a card with your name we can tell you where to find, if not the mother at the window, at least another only too unhappily like her.

We are prepared to bring all Good Fellows in touch with mothers and children whose gratitude will wonderfully repay the little pains.

CHANGE OF VENUE FROM UNION COUNTY

Divorce Case of Pansy Hawley
Against Leroy Hawley Comes
Here For Hearing.

CROSS COMPLAINT CHARGES

The divorce suit of Mrs. Pansy Hawley against Leroy Hawley has been received in the circuit court on a change of venue from Union county. This is the first suit received from Union county in many years. Mrs. Hawley in the complaint alleges cruel and inhuman treatment. They were married November 23, 1908 and separated March 10, 1913.

The sensation in the suit is in his cross-complaint. Mr. Hawley states that while she was at her parents home he had a suit pending for \$50,000 damages, alleging alienation. The suit was against B. F. Snyder, her father. He states that she returned home following the filing of the suit. The cross complaint alleges undue influence on the part of her people. In the original complaint Mrs. Hawley asks the custody of their four children.

CURED OF KIDNEY TROUBLE

Ohio Man's Case Shows How Terrible Malady Can be Conquered.

"Dear Sufferer: Last summer I was attacked with kidney trouble. Incessant backache was the first symptom. Whenever I stooped to tie my shoes, I felt a dizzy, swimming sensation in my head. It was almost impossible for me to straighten up because of my stiff back. My hands were puffed and covered with little brownish-yellow spots. The kidneys were highly congested and off in action. I heard of Lloyd's kidney and rheumatism tablets as the new and scientific treatment, so tried it. It proved a wonder. The backache and yellow spots have entirely disappeared and I now feel better in every way.

I advise you, sufferers from backache, tired feeling, restlessness, nights arising, any kidney or bladder ills or rheumatism, to get from your druggist today a few Lloyd's, the kind that cured me. Don't injure your kidneys by using salts or powerful drugs.

Signed by C. R. Hopwood, Kenton, O.

tion of the great scenic and historic interest attaching to Pola, Sebenico, Gravossa, Spalato, Ragusa and other towns, and the way between. This volume contains much of value concerning Cattaro, the fortifications of which were recently razed by the Anglo-French fleet.

12mo, Cloth, boxed, \$2.00 net; post-paid \$2.16.

Construction of a building adequate for the Commission.

Use of steel cars in passenger service and prohibition of use of wooden cars between or in front of steel cars.

Limitation to three years for filing of actions relating to transportation charges.

Passage of appropriate and adequate legislation for the Commission's control of railway capitalization.

Authority, explicit and emphatic, for the Commission to examine carriers' papers, accounts, etc.

Establishment of a minimum penalty of \$100 for violation of the hour-of-service act.

The report pointed out a continuance of use of cars in defective condition and advised railroads to acquaint responsible employees with the safety appliance laws.

Progress in work of the physical valuation of railroads was reported.

Eight parties now going over the roads and the Commission advises increase of these parties. Satisfactory progress in surveying tentative routes for the federal railroad in Alaska was also reported.

Among the Commission's larger investigations pending are:

Probe of the financial relations,

rates and practices of the L. & N.

road, the Nashville & Chattanooga and others; investigations of alleged rebates of the Steel Corporations;

investigation of the Little Kanawha railroad; the Pere Marquette the C.

H. & D.; the Rock Island; the ear-

icing subject; of cement, iron ore and

steel rates and transportation prac-

tices; rates and rules for telegraph

and telephone companies; and inves-

tigation of revenues of carriers in

"official classification" territory.

The Commission evinced intention

of seeking further indictments of

companies billing coal to fictitious

concerns or destinations for rebilling.

It will also vigorously prosecute

shippers who falsely report

shipments or give false weights.

Early prosecutions will be sought

against railroads that give conces-

sions to shippers through warehouses

or similar devices.

The Commission said that if Con-

gress would grant authority it could

proceed to make uniformity of

freight classification without injuring

either shippers or carriers.

No Hunting Allowed

We, the undersigned, will not al-

low any hunting on our farms be-

cause of the foot and mouth disease

until further notice.

INTERSTATE COMMERCE COMMISSION'S

Annual Report, Issued Today,

Gives Him Clean Bill

IGNORANT FLAGMAN VICTIM

Among Commission's Larger Investi-

gations Pending is That of the

C. H. & D. Road

(By United Press.)

Washington, Dec. 10.—No more is

the enginee of the fast flier the

"goat" of the railroad wreck. The

Interstate Commerce's commissioin's

annual report, issued today, gave him

almost a clean bill of health. Where

he used to bear the blame, a new vic-

tim has been raised—the flagman,

ignorant of the company's rules.

The Commission pointed out that

there has been a considerable de-

crease in the number of collisions due

to the failure of the engineman to

obey the indications of the block sig-

nal. At the same time it held that it

is unreasonable to expect freedom

from wrecks when railroads employ

flagmen of little experience without

any examination as to their knowl-

edge of rules.

Strong recommendation was made

for universal use of a system of

automatic train control in conjunc-

tion with other safety devices.

During the year the Commission

investigated 63 train wrecks which

caused death to 169 persons and in-

juries to 2,134. Improper flagging

was given as the prime cause of

wrecks. Inherent weakness of the

train order system was responsible

in several cases, and the Commission advised use of extra checks to safeguard against danger of forgotten instructions. Inspection and supervision of work of train service employees is improving, the report stated but there is still need for standardization of operating rules.

The report declared that there has been no material improvement in bad track and roadway conditions which have been the cause of many wrecks—no material improvement.

The Commission's recommendations, summarized were:

Construction of a building adequate for the Commission.

Use of steel cars in passenger service and prohibition of use of wooden cars between or in front of steel cars.

Limitation to three years for filing of actions relating to transportation charges.

Passage of appropriate and adequate legislation for the Commission's control of railway capitalization.

Authority, explicit and emphatic, for the Commission to examine carriers' papers, accounts, etc.

Establishment of a minimum penalty of \$100 for violation of the hour-of-service act.

The report pointed out a continuance of use of cars in defective condition and advised railroads to acquaint responsible employees with the safety appliance laws.

Progress in work of the physical valuation of railroads was reported.

Eight parties now going over the roads and the Commission advises increase of these parties. Satisfactory progress in surveying tentative routes for the federal railroad in Alaska was also reported.

Among the Commission's larger investigations pending are:

Probe of the financial relations, rates and practices of the L. & N. road, the Nashville & Chattanooga and others; investigations of alleged rebates of the Steel Corporations; investigation of the Little Kanawha railroad; the Pere Marquette the C. H. & D.; the Rock Island; the ear-

icing subject; of cement, iron ore and steel rates and transportation practices; rates and rules for telegraph and telephone companies; and investigation of revenues of carriers in "official classification" territory.

The Commission evinced intention of seeking further indictments of companies billing coal to fictitious concerns or destinations for rebilling.

It will also vigorously prosecute shippers who falsely report shipments or give false weights. Early prosecutions will be sought against railroads that give concessions to shippers through warehouses or similar devices.

The Commission said that if Con-

gress would grant authority it could

proceed to make uniformity of

freight classification without injuring

either shippers or carriers.

CEMETERY MEMORIALS

If you see it at Schricke Sons, it's the

GLASS OF SALTS CLEANS KIDNEYS

If your Back is aching or Bladder bothers, drink lots of water and eat less meat.

When your kidneys hurt and your back feels sore, don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salts which removes the body's urinous waste and stimulates them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from it 500 grains of acid and waste, so we can readily understand the vital importance of keeping the kidneys active.

Drink lots of water—you can't drink too much; also get from any pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys will act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate clogged kidneys; also to neutralize the acids in urine so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep their kidneys clean and active. Try this, also keep up the water drinking, and no doubt you will wonder what became of your kidney trouble and backache.

Catarrh Cannot Be Cured
with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally, and acts directly upon the blood and mucous surface. Hall's Catarrh Cure is not a quick medicine. It was prescribed by one of the best physicians in this country for years and is a regular prescription. It is composed of the best blood purifiers, acting directly on the mucous surfaces. A perfect combination of the two ingredients is what produces such wonderful results in curing catarrh. Send for testimonials, free.

SIXTEEN CASES HAVE BEEN STARTED

Attorney General Reports to Congress Today Concerning Anti-Trust Law Activity.

OTHER THINGS MENTIONED

(By United Press)

Washington, Dec. 10.—The attorney general, in his annual report submitted today, refers to the acting of the department in enforcing the anti-trust law. He cites the cases started and gives a detailed history of all of them. Concerning methods of enforcement, he says:

No branch of the work of this department more vitally affects the public interest than the enforcement of the anti-trust act, since the preservation of fair competition in trade and the prevention of monopoly, for which it is designed, are essential to the general welfare.

Complaints of violations of this law are very numerous and, where they have any foundation at all, usually involve very complex states of fact—often an entire industry must be studied in order to reach a conclusion. In the nature of things, therefore, complaints of this character can not be rapidly disposed of.

Every substantial complaint is investigated. In general, the procedure is to refer the complaint to the United States attorney for the appropriate district, whose duty is to make an investigation, with the assistance of a special agent, and report the facts to the department, together with his conclusions and recommendations. Where the complaint can not be adequately or conveniently investigated by any regular United States attorney a special attorney is designated.

During the period from July 1, 1913, up to the present time, 16 cases have been instituted—7 civil and 11 criminal—of which 5 have been finally determined—3 civil and 2 criminal.

FRENCH REMEDY FOR STOMACH TROUBLES

The leading doctors of France have for years used a prescription of vegetable oils for chronic stomach trouble and constipation that acts like a charm. One dose will convince you. Severe cases of years' standing are often greatly benefited within 24 hours. So many people are getting surprising results that we feel all persons suffering from constipation, lower bowel, liver and stomach troubles should try Mayr's Wonderful Stomach Remedy. It is now sold here by all druggists.

CONFERENCE OF WOMEN OPENED

Gather in Chicago to Plan Legislation to be Presented at Coming Legislature Session

ALL CLASSES REPRESENTED

Called at Suggestion of Lieut-Governor O'Hara, Head of Welfare Commission of Senate

(By United Press)

Chicago, Dec. 10.—A three day conference of Illinois women to formulate a tentative program of legislation in the interests of women of the state opened in the Congress hotel today with indications that the attendance would exceed 1,000. The conference was called at the suggestion of Lieutenant-Governor Barrett O'Hara, head of the Illinois senate welfare commission, whose activities in investigating the causes of vice aroused national interest eighteen months ago.

"The delegates represent women of all classes from the wife of the millionaire who studies civics as a matter of culture and humanitarianism to the working girl who has been forced by necessity to solve problems of existence," said O'Hara. "The best thought of the womanhood of Illinois is represented here today. If the Illinois legislature adopts the program laid out here it will place Illinois in the van of all states in progressive action for the benefit of women and girls."

"The more important subjects to be considered at the conference are, a minimum wage law for women, maximum work day of perhaps eight hours, vocational education and abolition of the system of finding girl vice victims."

"I believe this conference marks the beginning of a new era in Illinois when office-holders, instead of passing laws that suit themselves, will be advised by conferences of this kind."

James E. Watson's Sunday school class will hold an exchange Saturday, Dec. 12th, at Mrs. Belle Cos-And-millinery store. Dec. 7-10-11.

BAD COLLISION BARELY AVERTED

Oscar Gordon Guides Automobile Into Fence to Avoid Hitting Rural Mail Wagon.

HORSE LUNGES INTO ROAD

Belated news of a near accident that was a thriller has just come to light. Louis Cline, rural route carrier, and Oscar Gordon were the participants. It occurred Tuesday north of the city while Mr. Cline was making his deliveries. He had stopped at a mail box on the left side of the road. Mr. Gordon was coming towards Cline in his auto and just as he was almost up to Cline the horse whirled across the road. Mr. Gordon took to the ditch to keep from hitting the wagon and after tearing down several feet of fence succeeded in stopping his machine and started a search for Cline. The horse for the moment got away from Cline and ran up a lane towards a farm house. Gordon missed hitting the wagon only by inches and Cline would surely have been injured as it would have hit him broadsides. The auto was only slightly damaged.

I will be in Rushville the latter part of this week. Leave orders for Piano Tuning at the Scanlan house.

F. W. PORTERFIELD.

NEW RATES MAKE CHANGE IN FARE

Some New Tariffs Are Already in Effect and Others Will be Effective December 15.

ARE BASED ON THE MILEAGE

For Instance, Pennsylvania Fare From Rushville to New York is Higher Than B. & O.

Local railroad agents are busy studying and figuring out the new passenger rates which will go into effect next Tuesday. The rates will go into effect on trunk lines east of Indiana and effects inter-state business only. The new rates generally call for two and one-quarter cents a mile on short lines, although the rate to some places is more than this.

A new rate went into effect on December 1, but this will not effect the other rate changes to be made starting December 15. The tariffs of December 1 were rejected by the interstate commerce commission and the new schedule was necessary. A general re-adjustment of mileage to eastern points has been made in determining the new rates. Under the new system of rates the same price over all railroads to an eastern

point from this city will not prevail. For instance, from Rushville to New York City the rate is forty cents higher over the Pennsylvania than over the Baltimore and Ohio. Over the Pennsylvania the rate to New York will be \$17.45. This is because the Baltimore and Ohio has the shorter line. As a general rule the rate to all eastern points is raised. The fare from Rushville to Pittsburgh is now \$7.15 but under the new rate will be \$7.20. The rate to Washington will remain the same, \$15.

The rate to Philadelphia will be raised from \$15.25 to \$15.92. There will be no change in the fare to Chicago from Rushville as the rate established December 1 will still hold good. This fare is \$5.43. This same thing is true of the rate from here to Cincinnati. An increase of forty-five cents went into effect December 1. The rate is now \$2.05 and was \$1.65. The new rates take Chicago and New York for a basis of fares.

Under the rates now in effect the fare to Detroit from Rushville is \$5.45. Under the rates going in effect December 15 the fare will be \$6.41.

There will probably be no changes in the rates to the south. There will be no change in the fare from here to Memphis. There are some places where the fare will be less and it is stated this is due to readjustment in mileage, the shortest line being taken as a basis for the fare. The increase in rates has lead many to believe that the railroads will eventually get back to the three cents a mile basis regardless of whether it is state or inter-state business.

DELAYS SURVEY ON CANAL

Lack of Funds Hinders Engineers in Northern Part of State

(By United Press)

Fl. Wayne, Ind., Dec. 10.—Having been delayed by the foot and mouth disease and hampered some by lack of funds, the U. S. army engineers are nevertheless able to announce that they expect to complete the survey of the proposed Toledo—Fort Wayne—Chicago barge canal before Jan. 1. The investigation has continued for eleven months and during that time four field parties have traversed the northern route from Fort Wayne to Michigan City and an equal number have taken the southern route.
